Coffee at the Infobar

The Library is now offering coffee! Come create your perfect cozy day by picking up some books alongside a cup of joe from our new Keurig. We encourage you to bring your own mug, but cups will also be provided. Thanks to Erdim and Nick from Dining Services for providing supplies and our coffee maker!

Study Spaces

Looking for a good study space? There are some hidden gems around the library. For social spaces, the Library Main Floor, Airport Lounge, and Community Commons are great places to chat and get work done. For quiet spaces, the Kiva, Seydel Reading Room, and 3rd Floor Computer Lab have great vibes for research and relaxation.

FROM THE ARCHIVES

If you are interested in the history of the college and would like to get a better sense of the wide array of documents preserved in the archives, you can peruse our collection of finding aids at <https://aspace.fivecolleges.edu/repositories/4>. These guides describe our collections and provide a starting point for forming your research questions.

We know each semester has it's difficulties and we want to make sure everyone is able to end it strong. Keep an eye out for more news and official dates. In the meantime, look forward to these wonderful activities and events!
